

BigFuture School Mobile App

The free app that helps students do more with their score.

BigFuture® School is available to students who take SAT and PSAT-related assessments during the school day.

With BigFuture School, your students have the power to:

ACCESS SCORES EASILY

With no passwords to remember, BigFuture School makes it easy for students to access their test scores and career insights as soon as they're available.

OWN THEIR FUTURE PLANNING

New interactive tools like quizzes and swipable content allow students to explore more deeply and update preferences to see relevant college matches. Find guidance and customized information about college, career, and scholarship opportunities based on grade level, time of year, and interests.

DISCOVER RELEVANT POSTSECONDARY OPPORTUNITIES

Students can opt in to Connections™ to discover nonprofit colleges, scholarship providers, and programs that match their goals and are actively looking for students like them. Students decide if and when to connect directly.

A school, district, or state may choose to not provide access. Not available to PSAT 8/9 test takers.

How Students Can Access the App:

- 1 PROVIDE A MOBILE NUMBER DURING EXAM SETUP**
Phone numbers are used to authenticate the app and won't be used for any other reason.
- 2 CONSIDER CONNECTIONS**
If available, students can opt in to Connections.
- 3 SECURELY ACCESS THE APP**
Students will receive an authentication code to download the app. Once downloaded, they can do more with their score using the interactive tools like updating preferences and taking quizzes.
