Help Students Explore What Comes Next

BigFuture.org is a free, online resource where learners can see themselves in the college and career planning process. When they complete steps on their dashboard, they earn entries for \$500 and \$40,000 BigFuture Scholarship monthly drawings.

Exploring Career

CAREER QUIZ In 10 minutes, students' likes and dislikes are matched to 30 careers from a list of 1,000 profiles in Career Search that vary in education requirements, interest areas, and more.

MULTIPLE PATHWAYS Students can discover more about six postsecondary pathway options so they can make informed choices about their future.

Exploring Colleges

COLLEGE SEARCH Students can filter 4,000+ four-year, two-year, and certificate programs with information about campus life and admissions from the institutions themselves.

COLLEGE QUIZ Students can answer a few questions so we can show them more personalized college matches.

STUDENT SEARCH SERVICE™ On average, students contacted by colleges through this service receive 29% more college admission offers.

Next Steps

Students can scan the QR code or visit [BigFuture.org](https://bigfuture.org) to take their next steps toward college and career.

Building a Community—Together.

Have you explored the BigFuture Community Library? It features hundreds of engaging videos covering topics such as applying to college, paying for college, student interests, and much more.

These resources can be shared in newsletters, featured on your website, or incorporated into classroom guidance lessons.

The library also includes content specifically designed for parents and families.

Visit bigfuture.org/community and discover the wide range of resources available.

“As a low-income, first-generation college student, BigFuture ensured that I had the information I needed to be successful throughout the entire process. Without it, I may not have found, or gotten into, my top choice school.”

Shylyne, Class of 2022
Mansfield R-IV High School, MO
