

PSAT 8/9: So Much More Than a Score

HELP YOUR STUDENT MAKE THE MOST OF HIGH SCHOOL AND TAKE A STEP CLOSER TO COLLEGE

Here's what your student's PSAT™ 8/9 score report can help them do:

CHECK THEIR SKILLS

Your student's results will tell them what they're doing well and what areas they need to improve as they get ready for high school and beyond.

IDENTIFY POTENTIAL HIGH SCHOOL COURSES

The PSAT 8/9 can help students pick high school classes that may be a great match for them, including Advanced Placement® courses.

EXPLORE CAREERS

Your student gets access to Roadmap to Careers, a unique career exploration tool from Roadtrip Nation and the College Board that can help them find careers they're passionate about.

PLAN FOR COLLEGE

Does your student have a dream school? Their PSAT 8/9 scores can help them build a plan to get there and find other schools that could be a good fit. Use the College Search tool on Big Future™ to discover potential colleges. Your student can create a College Board account, save their college list, and update it throughout high school.

View student scores now.
